## **REHEAT INSTRUCTIONS**

- Most dishes reheat best and retain their quality better using a conventional oven. The times provided are guidelines, and may vary with each home oven.
- Microwave reheating is not recommended in most cases for the best quality product. If you do choose to use a microwave oven, follow these guidelines:
  - Never put foil or metallic containers in the microwave.
  - Keep foods loosely covered with microwave-safe wrap.
  - Rotate or stir items at least once during the reheating process.
- Suggested reheating times may need to be increased if reheating either multiple dishes simultaneously or large quantities. Bulk items will reheat more evenly if they are in a single layer.
- Always check the internal temperature of food with a stemmed thermometer before eating. Reheated food should reach 165°F before consumption.
- Always keep stored food covered and refrigerated at 41°F degrees or less.
- Always use caution when removing containers from microwave or oven. For ease, place black ovenable containers on a cookie sheet before placing in the oven.

### **CHILIS**

Remove chili from plastic container and place in a pot over medium heat. Heat, stirring occasionally, until temperature registers 165°F.

### **DIPS**

Refrigerate dips until just before service. Consume dips within 4 hours after removing from refrigerator to serve.

### **WINGS**

Remove foil lid from pan. Remove dipping sauce and vegetables if present and place in refrigerator until ready to serve. Place container with wings in a 350°F oven for 12-15 minutes, until internal temperature reaches 165°F.

### **THREE FOOT SUBS**

Refrigerate subs until just before service. Consume subs within 4 hours after removing from refrigerator to serve.

### **LASAGNAS**

Keep foil lid on container. Place lasagna in a 350°F oven for 40-60 minutes, until temperature registers 165°F.

### **PARTY PLATTERS**

Refrigerate platters until just before service. Consume within 4 hours after removing from refrigerator to serve.

Place food in a microwave or oven-safe container prior to reheating if warming components from a Party Platter.
